Col. Stanley J. Grogan
Central Intelligence Agency
Washington 25, D. C.

Dear Stanley:

I would like to thank you, belatedly but most sincerely, for laying on that excellent briefing.

It was really invaluable in filling both the urgent need and the future needs that surely will arise. Please thank the experts involved. They were tolerant of my ignorance, and sympathetic with my need to know.

Again, my many thanks to you.

Sincerely,

Benjamin C. Bradlee
